Dr. Emily Rivera
Admissions Committee Chair
West Coast University Medical School
5678 Medicine Blvd
San Diego, CA 92103

Dear Dr. Rivera,

I am writing to reiterate my strong and sincere interest in West Coast University Medical School and to formally express my intent to matriculate if offered admission. Having completed my interview and thoroughly researched various medical programs, I am convinced that West Coast University is the ideal place for my medical education and training.

During my undergraduate studies at the University of California, San Diego, where I majored in Biochemistry, I sought out opportunities that would prepare me for the challenges and rigors of medical school. From volunteering at local hospitals to participating in cutting-edge research projects, I have dedicated myself to gaining a broad understanding of the medical field and developing the skills necessary to make a meaningful impact in patient care.

West Coast University Medical School stands out to me for several reasons. Your commitment to fostering a diverse and inclusive environment aligns with my belief in the importance of varied perspectives in healthcare. Additionally, your school's emphasis on integrating clinical experiences early in the curriculum is particularly appealing to me, as I am eager to apply my theoretical knowledge in real-world settings as soon as possible. Furthermore, the research opportunities available at West Coast University, especially in the field of oncology, are in perfect alignment with my career aspirations to contribute to groundbreaking cancer research.

I am impressed by the sense of community and collaboration among students and faculty that I observed during my visit. I am confident that my background, combined with the education and experiences I will gain at West Coast University, will prepare me to become a compassionate and innovative physician. I am fully committed to contributing to the university community, both academically and through extracurricular involvement, particularly in initiatives aimed at addressing healthcare disparities.

I appreciate the consideration given to my application thus far, and I would be honored to commit to West Coast University Medical School if selected. I am enthusiastic about the prospect of joining your esteemed institution and contributing to its mission of excellence in medical education, research, and patient care.

Thank you for the opportunity to express my continued interest and intent. I look forward to the possibility of contributing my passion and skills to the West Coast University Medical School community.

Sincerely,

Jordan Taylor
