MWCC Club/Organization Raffle Ticket Log Sheet

Club/Organization Name: _____

Date(s) of Raffle: _____

All ticket sales must be tracked according to ticket price/quantity when tickets are sold at varying prices. Please use "hash marks" when logg~~ing~~ ticket sales to signify how many tickets have been sold. Use one "hash mark" per set of tickets sold (e.g. Tickets are $2/5, record one "hash mark" for every set of 5 tickets sold for $2. Tickets are $1/1, record one "hash mark" for every 1 ticket sold for $1.) This means that the number of "hash marks" times the dollar amount should equal the total amount of money collected. Five "hash marks" under $2/5 will equal $10, Seven "hash marks" under $1/1 will equal $7.

Price ____/Number of Tickets ____ Total Sets of Tickets Sold _____ = Total Money Collected _____

Price ____/Number of Tickets ____ Total Sets of Tickets Sold _____ = Total Money Collected _____
