

Dear Prospective Client:

I am writing this letter of recommendation on behalf of American Security & Investigations. Lifecare Hospitals of Wisconsin began using American Security in 2007 to provide on-site security personnel and mobile patrol services for our campus located in Pewaukee, Wisconsin. The security staff monitors and records all visitors entering the facility.

We believe having security officers on-site helps eliminate issues with potential criminal activity. The patients, staff and visitors have a sense of security knowing that the American Security staff is constantly performing hourly rounds, ensuring the safety and security of the facility.

American Security has been able to handle any requests for coverage, even at the last minute. They always provide professional officers that go above and beyond to protect our property and residents. I would highly recommend American Security to anyone experiencing security issues or concerns at their property locations. I plan to continue to use American Security for all of my security needs.

Sincerely,  
Matthew Pochinski  
Plant Operations Manager  
Lifecare Hospitals of Wisconsin
