Directions

- Type your proposal in this template. **Handwritten proposals will not be accepted.**
- Complete your proposal with your mentor.
- Provide detailed answers as a bulleted or numbered list. The sections will expand as you type in more bullets and details. Do not limit your answers to the space shown.

Project Description

What do you plan to do? Provide an overall description of your creation, event, service, or exploration.

-

In what form will your final product be presented for grading to your teacher? (Object, electronically, pictures, CD, movie, etc)

-

Grading Guide

Using your mentor's expertise create three or more criteria for grading your project. When applicable, provide industry standards. Provide enough guidance so that a person with no background in your topic can evaluate your project. Write precise and measurable criteria.

- **Precise** — vague words (good, professional, stuff, etc) require clarification.
For example: *"Paint professionally" requires more detail. Describe what "professionally" would look like.*
Revised: *Paint with undetectable patching and prep work, two coats, even color, no splatters, and crisp edges.*
- **Measurable** (quantity, duration, size, level, etc)
For example: *"Memorize & perform songs" needs measurements. Describe how many songs, difficulty level, and duration.* Revised: *Memorize & perform three, intermediate level, two-minute, country-western songs.*

- 1.
- 2.
- 3.

Research Focus

What questions will guide your research? List a minimum of three key questions.

- 1.
- 2.
- 3.

Learning Stretch

Have you done anything similar or related to your project/topic before?

What specific things will be new and challenging to you in the process of completing this project?

Evidence

List the evidence you will provide. The evidence will prove the learning stretch this project provided for you (before and after examples, performance, pictures etc)

The 120-hour minimum requirement was met (time log, journal, etc)

Proves the planning and execution you did for your product (rough drafts, receipts, journal, pictures, etc)

The close working relationship you had with your mentor (paperwork, correspondence, etc)

Future Goals & Career Pathway

What are your future career and/or educational goals? How will this project help?

Your project must relate to at least one career pathway. **Check one or more.**

- | | |
|----------------------------------------------------------|-------------------------------------------------------------|
| <input type="checkbox"/> Arts and Communication | <input type="checkbox"/> Science & Engineering |
| <input type="checkbox"/> Business Finance & Operation | <input type="checkbox"/> Social & Health Services |
| <input type="checkbox"/> Business Marketing & Management | <input type="checkbox"/> Technology, Trades & Manufacturing |

What criteria does your project relate to? **Check one or more.**

- Academic Challenge involves independent research study
OR formal instruction from a professional, resulting in credit, certification, or licensure
- Community Service..... is a leadership position that provides a needed and viable service to a community agency or organization
- Career..... related to student's career pathway and/or provides extended learning experience or internship that may involve potential future employment
- Personal Exploration..... represents an exploration in an unfamiliar area of interest

Explain how your project will meet the criteria checked off above. Be specific.

Contact Information

Complete if you are doing a leadership project, an apprenticeship, or on-the-job training. Make sure you contact the person and/or place first for permission.

- Organization name:
- Organization address:
- Contact person:
- Contact's phone number:
- Contact's email:

Parental Consent

This section is to be read, discussed with the student, and **filled out by hand by the parent or legal guardian.**

As the parent/guardian of _____

who is a student enrolled at North Warren Regional School, I understand that my child must receive a passing grade on their Senior Project in order to be awarded five (5) credits toward graduation requirements.

I understand that my son/daughter has decided to do the following project:

Below I have briefly described what my son/daughter needs to do in order to complete his/her project:

I fully understand that the selection of the Senior Project is a decision made independently but with the approval of the staff and administration of the high school. Meeting the requirements of the Senior Project including work choice, production, or experience, unless otherwise stated, rests solely with the student and the parent. All written work must be appropriate for high school. I also realize that the senior project must demonstrate a “learning stretch” for the student.

The student and parent/guardian whose names are signed below accept full financial and legal responsibility for any cost or travel and the conduct of the student.
