Scripture

Following Where God Leads: Strategic Conversations about the Future

- Where do you see your church 5 years from now? What is God calling you to do and be?
- With your current way of doing and being as church, will you get to where God is calling you to be 5 years from now? If not, what needs to shift? What would it take to get you to where God is calling you to be?
- Why is your "WHY" important?
