

CHILDREN FIRST
Group Progress Note

Date: _____ Name of Group: _____ Session # _____

Group Members: _____

Summarize the agenda and how the group process went, without referring to individual children's names. *Write individual progress notes regarding clinically significant individual material from the session in the individual's file. Example: the child was disruptive and was asked to leave, or the child said he doesn't feel loved by his parents. If no individual file currently exists on the child, please start one. Do not put this information on the group form.*
