

**TECHNOLOGY DEVELOPMENT BOARD (TDB)**  
[A statutory body under Department of Science & Technology]

**Subject: Project Proposal on “HALTDOS–INDEGINIOUS D-DOS Protection Solution” submitted by M/s AKS Information Technology Services Pvt. Ltd., Delhi.**

M/s AKS Information Technology Services Pvt. Ltd., Delhi has submitted an application seeking a financial assistance of Rs. 600.00 lakh from TDB for their **Project Proposal on “HALTDOS–INDEGINIOUS D-DOS Protection Solution”**. The total cost of the project is Rs. 1349.00 lakh. The project comes under the area of Cyber Security (IT) Sector.

The company has been designed and developed application based DDoS (Distributed Denial of Service) mitigation and Cloud based DDoS mitigation solution named ‘HaltDos’ which is presently being tested in house. In its project proposal, the company mentioned that, HlatDos is the only Indian product which provides DDoS mitigation solution. Rest products are from USA. HaltDos is intelligent; auto learning solution which provides Zero Day DDoS protection. Company’s proprietary mitigations provide multi-layer filtering to protect against any Layer 3 to 7 DDoS attacks. HaltDos is 100% software running on custom configured hardware.

To examine the point of completeness of the application, objective of the project, status of the technology, track record of the applicant, total cost justification of the project and financial health of the company etc., An Initial Screening Committee (ISC) was held on 16<sup>th</sup> January, 2017 at TDB.
