

Technical/Professional Training Proposal (4th Year Engineering)

Faculty of Engineering III

Department of Chemical & Petrochemical Engineering

Before the Training

Training Proposal : The training can be proposed by either the student himself, the faculty or the industry.

Training Selection : The student have the possibility to choose 3 of the below mentioned trainings by order of priority

A pre-selection will be done by the department training committee

The final decision will be determined by the institution committee were the training is expected to be performed

Once the candidate is selected for a particular training, a detailed training convention should be prepared and signed by all parties (trainee, academic institution part, industrial part)

During the Training

The trainee will be followed up in assistance by the academic and the industrial parts to successfully fulfill the pre-determined training plan

After the Training

Upon completion his training the student should submit a report for evaluation with the help of the advisor

The training, for 2 months, is obligatory for the student to be accepted in the fifth year of engineering

The training grade will be considered in the 9th semester

Institute	No. of Tr.	Field	Subject	Contact Person (Fac)	Place
INDEVCO	4-Feb	Polymers	To be defined later on	Dr. Bassam Riachi bassamriachi66@hotmail.com	Zouk Mosbeh Mount Lebanon
AUB	3	Nanotechnology	Highly Porous Aerogels in Acidic and Enzymatic Heterogeneous Catalysis for Biodiesel Production and encapsulation of active molecules	Dr. Wael Hamd wael.hamd@hotmail.fr	AUB Campus Beirut
Ghandour	1	Food Production Process	To be defined later on	Eng. Mohmaed Khazem	Cheouifat Mount Lebanon
EDL	2-3	Chemicals Production	To be defined later on	Dr. Bassam Riachi bassamriachi66@hotmail.com	Zouk Mikaeal Jiyyeh Zahrani Power Plants

Régie	1	Tobacco Chemical Processes	To be defined later on	Eng. Mohmaed Khazem	Cheouifat Mount Lebanon
Petrochemical	1	Insulation materials production	To be defined later on	Eng. Mohmaed Khazem	Batroun North
Lebanese Standards Institution - LIBNOR	1-2	Standardization	To be defined later on	Dr. Jihad Sidawi jihad.sidawi@gmail.com	Horch Tabet Mount Lebanon
Industrial Research Institute - IRI	up to 6	Welding & NDT	To be defined later on	Dr. Jihad Sidawi jihad.sidawi@gmail.com	Cheouifat Mount Lebanon
HES-SO Valais - Switzerland	1	Chemical Process	To be defined later on	Dr. Bassam Riachi bassamriachi66@hotmail.com	Valais Switzerland
Petrofac	1	Petroleum Production	To be defined later on	Dr. Jean Chamoun chamounjean@hotmail.com	Middle East
Pharmaceutical	2	Production Process	To be defined later on	Dr. Jean Chamoun chamounjean@hotmail.com	Jounieh Mount Lebanon
Ashour	1-2	Steam& Chemical Process	To be defined later on	Eng. Mohmaed Khazem	Beirut

Required Papers:

1- Passport

2- Photo

3- CV

4- Cover Letter

5- Judicial Record
