I am applying for internships in (check one only) Fall Spring

Have you previously completed a BSBS Clinical Internship? Yes No Which? \_\_\_\_\_

Have you previously interviewed for the Surgical Internship? Yes No

Note other languages you are fluent in: \_\_\_\_\_ Would you participate in an internship that uses this language to see patients? Yes No

Prior to selecting internships, please see the “**Description and Selection Criteria**” document for specific information about each program, program requirements (such as minimum GPA, weekly hours required, expenses, and other expectations), and selection criteria.

Please rank the internships for which you would like to be considered, using numbers such as “**1**” and “**2**”. You will be reviewed primarily on your first choice, followed by your second choice. You will be considered for third/fourth choice only if there are no competitive applicants for those positions. Only choose internships that you wish to participate in if accepted. Please note, there are usually 110+ applicants for ~40 positions.

\_\_\_\_\_ **Surgical Internship at Florida Hospital** > 3.5 UCF GPA? Yes No

**Experience:** Please accurately list and briefly describe all prior and current internship, shadowing, research, and health care delivery experiences, including total hours for each:

**Statement of Purpose:** Briefly describe why would you like to complete a clinical internship in medicine:

**Availability:** Internships have specific time requirements. **Surgical** requires morning availability, but times may vary weekly depending on the assigned doctor, other days and times may work. **Osteopathic** requires one 4 hour block weekly, on MTRF afternoons. **Private Practice** prefers one 4 hour block but two 2 hour blocks weekly is an option. **Clinical Research** has specific time requirements in fall (~8-10:30) but is more flexible in spring. You can mark days that currently conflict with your schedule if you are willing to move or drop the class if accepted. Please consider commuting times to and from the location:

Can you rearrange your schedule to accommodate shadowing if necessary?      Yes      No

Note (✓) your approximate availability for the internships to which you are applying. All internships require a commute, therefore having a class immediately before/after a time slot may not work:

**Surgical, Private Practice, Osteopathic (Please see Description and Selection Criteria document):**

	Monday	Tuesday	Wednesday	Thursday	Friday
<b>AM</b> (8-12 or 9-1)					
<b>Mid-Day</b> (10-2 or 11-3)					
<b>PM</b> (12-4 or 1-5)					

**Clinical Research Internship:** Fall:      Tuesday ~8:00-10:30 AM  
Spring:      6-8 hours/week of availability for research

**Commuting:** Can you commute?      Yes      No

Note (✓) locations to which you can commute for the internships to which you are applying.

Willingness to commute further distances can make you a stronger applicant for certain internships:

**Surgical:**      Downtown Orlando

**Clinical Research Internship:**      Florida Hospital (Downtown Orlando)

**Osteopathic Family Practice:**      Florida Hospital East

**Private Practice:**      UCF Area, Oviedo, Waterford      Downtown Orlando, Winter Park

North:      Altamonte      Lake Mary      Sanford      Deland/Orange City

South:      Lake Nona      Kissimmee      West:      Apopka/Ocoee

**Grades:** Attach a list of your grades. The “course summary” view that lists all courses and grades neatly is preferred. An unofficial transcript is acceptable. Degree audits are difficult to read and not preferred. Highlight major and science courses. Note expected grades of courses in which you are currently enrolled.

**Involvement:** Attach a **CV, resume, or list of involvement** including experiences, shadowing, research, clubs, leadership positions, etc., including locations and total hours for each when relevant.

**Schedule:** Attach your **course schedule** (“weekly view”) for the semester to which you are applying. Note any classes that are flexible in the event that you are selected for an internship.
