

CLASS GRADUATION PARTY WELCOME SPEECH

SPEECH 1

I am thrilled to welcome the Class of 2017 to our Graduation Party. I can scarcely believe we are graduates – it really is a time for a huge celebration. I love the party venue already, it is outstanding!

Before we launch the event let us take a moment to thank the party organising committee, the team who set up the party and all those who are helping tonight. This party has been many months in the planning phase and many weeks in preparation. The team also raised a lot of money to help towards costs. We all owe you a lot.

Now, one way we can show our appreciation is to have the time of our lives!

There is great music, dancing, entertainers, food, drinks, snack kiosks, lots of things to see and do all round the venue and of course there is our Class to be with – what more can you need.

I have to tell you for safety the exits are signposted in case of emergency, if you need help contact one of the helpers right away and also for comfort the rest rooms are also signposted. Be sure to check out where everything is.

Congratulations to all of us on our graduation. Tonight is our moment to celebrate wildly and to enjoy the company of our Class.

I hope we have the night of our lives!
