

MORNING CHORE CHART

By Caravan Shoppe

Yay for encouraging your children to get ready in the morning! We hope you will enjoy this little chore chart and that it will be helpful in your morning routine.

PDF INCLUDES:

- artwork of morning chores in two different sizes (see pages 1, 6–7) If you want your chore items to be bigger, than print pages 6 & 7
- artwork of backpack in two different options (see pages 3–5) If you want the assemble the backpack to have a pocket for the chore items, use pages 4 & 5
- printing instructions

PRINTING:

This is formatted to print 8.5 x 11 in paper. We recommend printing on thick card stock. This may be printed on your home printer or at a local print shop. If the colors from your home printer are a little muddy, most local print shops will be able to print this out on their nicer printers for usually less than \$1 per page. Be sure to request that they run it on the black and white printer for an even cheaper option. (Supply your own card stock to save money!)

There are two different sizes of chore illustrations, so be sure to choose what size you want. There are also two different options for the backpack: you can print out two sections and then put it together to make a pocket in the backpack (to store the chore items as they are finished) or you can use the one piece backpack.

If you print this at a store, the staff may ask you about rights to reproduce this work. At the bottom of these instructions is a copyright release, or you can simply tell the employee that you downloaded this artwork for personal use from caravanshoppe.com, and they can look us up and easily see that you do have the right to print as many copies as you like!

ASSEMBLY

1. Grab some scissors, and cut out all of your chore items and backpack.
2. Attach the front backpack pocket to the main backpack. (Store chore items in there as thy are finished.)
3. Get creative! You can laminate these, let your kids color them in, glue magnets to them on the back-do whatever is best for your children and your routine!
4. Use the artwork and chart to help your kids finish and check off their chores as they go!
