Neighborhood Notice

A permit application to demolish the structure(s) at:

_____ has been received by the Bureau of Development Services (BDS), City of Portland.

Portland City Code, Section 24.55.200 requires notice to properties abutting and across the street from the site of the demolition at least five full days before demolition activity commences.

PERMIT NO.: _____

Approximate date construction activity will commence:

Note: This date is an estimate only and is subject to change.

To contact the permit applicant: _____

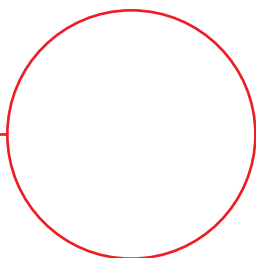

(name and contact phone and/or email)

The applicant will be required to certify compliance with regulations governing asbestos and lead-based paint.

For questions regarding requirements for asbestos abatement, handling or disposal, contact the Department of Environmental Quality (DEQ) at: (503) 229-5982 or email at: deqnwrasbestos@deq.state.or.us.

For questions regarding lead-based paint requirements for renovation, repair or painting projects done by a contractor, please contact the Oregon Construction Contractors Board (CCB) at: (503) 934-2229 or visit their website at: <http://www.oregon.gov/ccb>.

For additional useful information, see reverse.

If you have questions regarding lead-based paint requirements for renovation, repair or painting projects not done by a contractor (e.g., a homeowner, property owner doing your own work, rental agency, etc.), please contact the Oregon Health Authority (OHA) at: (971) 673-0440 or visit their website at: <http://public.health.oregon.gov>.

For worker safety issues regarding either asbestos or lead-based paint, please contact OSHA at: (503) 229-5910 or visit their website at: <http://www.osha.org>.

For additional information about permits issued on this property visit <http://www.portlandmaps.com> and click the Permits/Cases tab.

For more information about residential demolition permits and governance, contact the Bureau of Development Services at 503-823-7300 or visit <http://www.portlandoregon.gov/bds/demo>.

To contact your Neighborhood Coalition or Association visit <http://www.portlandoregon.gov/oni> and click on the tab "Contact My Neighborhood Association."

Posted notice: At least five full days before demolition activity commences, the applicant must post door hangers provided by the Bureau of Development Services on all the properties abutting and across the street from the site of the demolition. See example Figure below. The notice must contain all of the following information.

- Notice that the site has been posted for demolition;
- The demolition permit number;
- The approximate date the demolition activity will commence;
- Contact information of the agencies that regulate asbestos and lead-based paint;
- Contact information for the applicant; and
- The location where more information is available.
