To Whom It May Concern:

I am writing this letter to express my support for Ms. Nicole Vascianna, whom I had the privilege to meet and get to know for 6 months through the Versant program at Baptist Hospital. I was her preceptor for this time frame I got to know her very well.

I am happy to be able to provide this recommendation because I have great respect for Nicole as an individual and as a professional. I am confident Nicole deserves this and much more because she possesses outstanding qualities that will make her successful in the nursing profession. Nicole is extremely bright and nothing seems too challenging for her. She has lots of confidence in everything she does and works great under pressure. In other words, Nicole knows how to multitask effectively and is able to handle a high -volume workload.

Organized and diligent, Nicole quickly learns any task assigned to her with no problem and without hesitation. She also has the ability to work with minimal supervision and is always committed to exceed client expectations. Nicole is hardworking and a top performer. She has the highest recommendation and I would appreciate it if you give Nicole your strongest consideration.

I have been in the nursing field for 12 years now and now a days it is hard to find someone who has the patience and heart for this profession and Nicole has this and more. I am very happy to have met Nicole and I know she will excel in the nursing profession. If you have any questions please feel free to contact me.

Sincerely,

Gloria E. Zavala
