To Whom It May Concern:

I am writing as a recommendation for Cody Ashley. I have had the privilege of having Cody in class his senior year for Algebra II. As a high school teacher, I have the opportunity to work with a variety of students. Some students are remembered for their hard work, exceptional ability, personality, or character. I will remember Cody for his personality and what that brought to the classroom.

Cody is kind-hearted and considerate of others. He works extremely well with other students and takes time to help others. He demonstrates responsibility by his near perfect attendance. Cody also possesses mathematical reasoning and problem solving skills that will be beneficial in life outside the classroom. He is rarely without a smile on his face, and has the ability to lighten the mood of the classroom.

Cody has truly been a joy to have in my classroom every day. I know he is a young man with great potential. I thank you for your time in reading my thoughts and comments.

Sincerely,

Erica Nartker  
Math Teacher
