**Admissions Committee,
[University/College Name]**

Dear Members of the Admissions Committee,

I am pleased to recommend Lena Carter for admission to your business program. Lena has worked as an intern at Tech Solutions Inc. for the past year, where she has consistently demonstrated professionalism, dedication, and a strong aptitude for learning. I believe that her experience and skills make her an excellent candidate for your university.

In her role as an intern, Lena quickly mastered complex software systems and actively contributed to our team's projects. She showed great initiative in streamlining our data management processes, which resulted in a significant increase in productivity. Lena's attention to detail and problem-solving skills have been invaluable to our team, and she consistently goes above and beyond what is expected of her.

Lena has also shown impressive leadership qualities. During a critical project last quarter, she took the lead in coordinating with different departments to ensure timely and accurate completion. Her ability to communicate effectively and work collaboratively has earned her the respect of both her peers and supervisors. She balances her work with her academic responsibilities, demonstrating time management skills and resilience.

I am confident that Lena will bring the same level of commitment and enthusiasm to your program. She is an industrious, dependable, and motivated individual who will be a valuable addition to any academic community. Please feel free to reach out to me at (555) 789-1234 or david.grant@techsolutions.com if you need further information regarding her qualifications.

Sincerely,

David Grant

Operations Manager.
