

OXFORD[®]

Oxford Learning Centres

August 18, 2009

To whom it may concern,

Rob Burchett worked for us as a tutor in upper high school maths and physics from September 5, 2005 until June 30, 2007. He worked mainly at our Yonge and Mulock centre, but he also made himself available to work with students at our Wyndham Village centre (also in Newmarket). We found Rob to be well-versed in all of the upper high school maths and in physics and he helped his students understand the concepts with which they were having difficulty.

Sincerely,

Deanna Winger
Education Director
