

Summary of Condition Ratings

Note: A condition rating 3 does not indicate that you should not buy the property. These are defects which are either serious and/or require urgent repair or replacement or where the surveyor feels that further investigation is required. You may wish to obtain quotes for additional work where a condition rating 3 is given, prior to exchange of contract. Please refer to page 2 for the definitions of condition ratings. (Note: X indicates this feature is not present at the property)

Section of the Report	Part No	Name	Identifier (if more than one)	Rating
