## Title: Empowering Rural Women through Skills Development

### 1. Background/Introduction:

Rural women in underdeveloped areas often face limited economic opportunities due to a lack of access to education, vocational training, and resources. This project aims to empower rural women by providing them with skills development training, enabling them to start small businesses, improve their livelihoods, and contribute to their communities' economic growth. The project seeks funding to implement a comprehensive skills training program that includes entrepreneurship, financial literacy, and technical skills.

### 2. Objectives:

- To provide vocational training to 200 rural women in three selected communities.
- To equip participants with entrepreneurship skills to establish small businesses.
- To enhance financial literacy, empowering women to manage personal and business finances.
- To create sustainable economic opportunities for women and reduce poverty in rural areas.

### 3. Target Audience/Beneficiaries:

- Women aged 18-45 in rural communities.
- Indirect beneficiaries: families and communities of the participants, who will benefit from improved household income.

### 4. Description of Activities:

- **Skills Workshops:** Tailored training in areas such as tailoring, agriculture, handicrafts, and food processing.
- **Entrepreneurship Training:** Sessions on business planning, marketing, and product development.
- **Financial Literacy Classes:** Guidance on savings, budgeting, and access to microloans.

- **Follow-up Support:** Mentorship and business advisory services for participants to ensure sustainability.

## 5. Expected Outcomes:

- 200 women trained in marketable skills and entrepreneurship.
- 50 small businesses established within the first year.
- Increased household income and improved standard of living for participants.
- Stronger economic participation of women in rural communities.

## 6. Budget Estimate:

- Training materials and supplies: \$5,000
- Trainers and facilitators: \$8,000
- Venue and logistics: \$2,500
- Follow-up and mentorship program: \$3,500
- Total estimated budget: \$19,000

## 7. Timeline:

- Project planning and recruitment: 1 month
- Skills training and workshops: 4 months
- Follow-up mentorship: 6 months
- Final assessment and reporting: 2 weeks

## 8. Partners/Stakeholders:

- Local women's groups and community leaders.
- Non-governmental organizations (NGOs) focused on women's empowerment.
- Microfinance institutions providing access to small business loans.
- Government agencies supporting rural development.
