It is my privilege that I am standing here, at this prestigious stage and given the opportunity to say warm words of welcome to the new teachers of \_\_\_\_\_ (school). I cordially welcome the teachers on behalf of our institution.

We are obliged to you, for choosing this valued profession. Many of people don't think it as important as doctors, engineers. But who are the one who make them, who are the worthy personalities who make students able to be at superior level.

You the teachers are the mentors of society; teachers are the ideal personality for them. They follow teachers, their rules, their lifestyle, and their habits. Being popular among students and being the one from whom they are afraid of, they are happy with, they are frank with is the charm of teaching. With a positive attitude and a sense of humor, you will create wonderful learning environment for your students.

It is said that, Teaching is the profession that makes all other professions possible.
