

scissors N Comb

I would like to create a graphic identity for a new Female beauty salon, the salon name is scissors N Comb, we provide all type of services in this salon, Hair, Nails, makeup...etc. The name is confusing so I want the logo to show that we provide all type of services not only hair. I would like also to have a full design of the shop graphic identity, such as the business cards, price lists, marketing procerus, marketing leaflets, outdoor sign, letterheads, email signature, Facebook, Instagram, etc...
