

Business Digital Voice My Site - Call History

Overview

Having an easy way to understand call volumes can be helpful for both management and individual users.

As a My Account administrator, you can view the call history for each number assigned to your account. Call history includes such information as start date, start time, calling number, called number, caller ID, caller ID information (city and state), call duration, and type of call (outgoing, incoming and missed).

Individual users have the ability to see their call history (outgoing, incoming and missed) and to place calls via the click to dial feature.

Accessing Call History

Administrator Access via My Account

To use the Call History page, log into My Account, and follow the steps below.

Step 1. Click to select the appropriate Site to configure

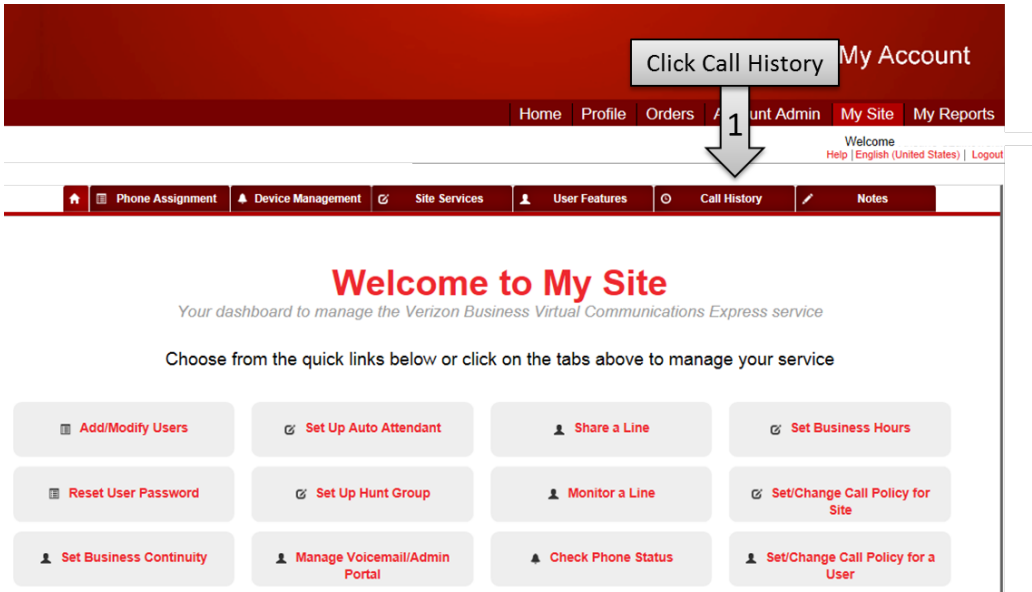

The screenshot shows the Verizon My Account interface. At the top, there is a red header with the Verizon logo on the left and 'My Account' on the right. Below the header is a navigation bar with links: Home, Profile, Orders, Account Admin, My Site, and My Reports. The 'My Site' link is highlighted. Below the navigation bar, there is a section titled 'Customer'. On the left, there is a dropdown menu labeled 'Select a Site' with a search icon. Below the dropdown, a list of sites is displayed, with '(00111) Headquarters' selected. To the right of the dropdown, there is a message: 'Please select a site to view.' On the far right, there is a 'Logout' link. Two callout boxes with arrows indicate the steps: Box 1 points to the 'My Site' link in the navigation bar with the text 'Click "My Site"'. Box 2 points to the '(00111) Headquarters' site in the list with the text 'Select the site to manage'.
