Contingency Fee Discounts:

Attorneys often work on a contingency fee basis on cases like personal injury and collections. This fee is usually expressed as a percentage of the amount collected or awarded. In collection matters, your attorney will accept 18% if the case is settled before formal court proceedings begin. After proceedings begin, the fee is 27%. On all other contingency matters, there is a 10% discount on the lower of either the state maximum or the attorney's standard rate.
