INTRODUCTION

Dear respondent,

We are research assistants working on a collaborative research study between the University of Ibadan, Nigeria and Northwestern University, USA. We are studying a number of communities in Nigeria to learn about behaviours, perceptions, attitudes, and knowledge about HIV/AIDS. To achieve this, we are conducting a community survey here in _____ and in two other communities. We hope to be able to use your responses to make recommendations to help improve HIV/AIDS prevention services. If you agree to participate, I would like to read you/you to read this consent form.

[Interviewer: Please administer **CONSENT FORM** at this point].

This part should be filled out by the interviewer after the respondent as agreed to participate in the study.
