## Hello I'm Cris

I think I must be one of the luckiest people out there, I get to do what I truly love for my living, and that is to photograph your wedding.

Capturing moments to help form memories that will last a lifetime is what it's all about. I like to keep things simple, relaxed & informal. A wedding day is about friends & family, not being bossed around by a photographer.

There is little better than a wedding day, and I love to be a part of it.

I hope you like what you see here, if you would like to have a chat about your wedding just give me a call or drop me an email.

## Your Wedding Day

It is really important to me that my pictures will be the only memory I leave of your wedding day. I like to take a friendly, relaxed and informal approach.

Your day is unique and individual, and this is the way I will treat it. I don't have any fixed way of doing things. I'll fit in with the way you want things done. I will offer guidance and support only when it is asked for.

You will look stunning on your wedding day, and my goal is to capture that forever. Telling a story is really important so I'll be there all day, from getting ready through to the speeches and even into then evening if you like.

## The Package

The finest British craftsmanship with simple, elegant & timeless layouts.

I am excited to offer Folio Fine Art Albums as my sole album supplier. They offer the very finest hand crafted albums, and to top it all off it's a local UK product, made just around the corner from me in Barnsley!

All my albums are individually designed so they can be customised to create your perfect album. Extra pages and pictures can easily be added and there are a wide choice of real leather cover options.

The classic album includes 30 stunning pages, printed onto the very highest quality fine art gallery quality paper. The super matte smooth finish offers refined quality not found in any other wedding album. It is hand finished and bound in a choice of UK sourced leathers.

The near invisible centre crease offers stunning 24" wide unbroken prints. Elegant page layouts ensure a timeless album that will provide lasting memories for decades to come. You can't find a better quality wedding album anywhere.

It is a simple online process to pick your images, then proof your album design before approval. A wedding album is designed to last a lifetime, so it's important to get it just right.

Whilst the classic album contains everything you need, there are some options. Such as extra pages and leather covers to choose from. Turn around times are typically 6-8 weeks once the design is approved by you.

The album would contain between 60 and 80 of your wedding photographs. But more can be added.

## A Guide to Booking

Whilst it's not mandatory most people like to meet up face to face for a chat. I like to talk things over to make sure I'm the right choice for you, if we can't do that in person then over the phone or even Skype is a good option.

Once the decision has been taken, completing the booking is simple. It's all done online!

Just send me an email detailing the options you'd like, and I'll send you a link to follow. Easy.

There is a £200 booking fee due to secure the date, you can pay this online too.

I'm always on hand to help out if needed.

## Once You've Booked

Every wedding is different, but here are a few things to help make your wedding photographs the best they can be...

- Pre-Shoot - Book yourself in 1-3 months before your big day and make an afternoon of it in Leeds. Especially useful if you are a bit nervous of the camera. I will email you a list of available week days or prompt me with days you have free.
- Information - I need it! Letting me know the running order, location addresses and formal family shot list well in advance make it easy for all of us. See the FAQ's for more info.
- Trust Me! - I can't stress this enough, let me take the worry out of it, and trust me to get what you want.
- Have Fun! - Your wedding day is about you, your friends and your family. It's not about having your picture taken. If you are having fun then the pictures will take care of themselves

## What to Expect From

You may wonder what will happen once you make your booking, well here is what to expect from me...

- I will contact you either in the Spring or 1-3 months before your wedding day to see if you'd like a pre-shoot.
- The final balance is due 30 days before your big day. Albums are paid for after the wedding, even if booked before it.
- I aim to have your pictures with you 2-4 weeks after the wedding. But I'll send you some previews on the day to share on facebook and to take on honeymoon with you.
- I'll never say no to an idea you have, but I might make a few suggestions if I feel they are needed.
- I normally arrive with the bride 1hr 30mins before departure for the ceremony and stay until the time we have agreed.
