

GPR 250 REIT Index

The GPR 250 REIT Index is a subset of the GPR 250 Index and covers all companies having a REIT-like structure. This in combination with the consistently applied rules for company inclusions results in the GPR 250 REIT Index being a sustainable representation of the global Real Estate Investment Trust market.

Consequently it is suitable both as a performance benchmark and as a tool for the creation of financial products

Customization possibilities

Besides the plain vanilla indices like the GPR 250 Index, GPR 250 REIT Index, GPR General Index and the GPR General Quoted Index, Global Property Research offers a vast amount of customization possibilities.

- Any group of continents, countries or constituents can be capped or fixed to reduce or increase its weight;
- Concentration constraint imposed by the UCITS Directive can be implemented;
- All indices can be hedged partially or fully to any currency to reduce the possible currency risk;
- Dividends can be reduced using client specific Withholding Tax percentages;
- Indices can be developed not based on market capitalization, but on Fundamental Indexation factors.
