DASHBOARD

A1. Do you like the visual appearance of the new dashboard?
Yes
A1[comment]. Do you like the visual appearance of the new dashboard? [Comment]
A2. How intuitive and easy to understand is the new dashboard?
Very intuitive and easy to understand
A2[comment]. How intuitive and easy to understand is the new dashboard? [Comment]

A3. What would you add on this dashboard ?

QUERY

A4. How easy was to make a query on the Platforms module?

Very easy

A4[comment]. How easy was to make a query on the Platforms module? [Comment]

Too much scrolling necessary to find a boat, cannot use keyboard ?

A5. Can we provide you with additional criteria to easily make a query on Platforms? If yes, what criteria do you need?

No

A5[comment]. Can we provide you with additional criteria to easily make a query on Platforms? If yes, what criteria do you need? [Comment]

A6. How easy was to make a query on the Cruises module?

Very easy

A6[comment]. How easy was to make a query on the Cruises module? [Comment]

A7. Can we provide you with additional criteria to easily make a query on Cruises? If yes, what criteria do you need?

Yes

A7[comment]. Can we provide you with additional criteria to easily make a query on Cruises? If yes, what criteria do you need? [Comment]

Contact person for the cruise

GRID

A9. How easy is the load of Platform samples?

Very easy

A9[comment]. How easy is the load of Platform samples? [Comment]

A10. Did you find the information you were looking for in the [Grid Platform] module? If not, what information are missing?

Yes

A10[comment]. Did you find the information you were looking for in the [Grid Platform] module? If not, what information are missing? [Comment]

A11. Did you find the information you were looking for in the [Grid Cruises] module? If not, what information are missing?

No

A11[comment]. Did you find the information you were looking for in the [Grid Cruises] module? If not, what information are missing? [Comment]

Map don't work for cruises ?

A12. Did you find the information you were looking for in the [Grid OBS] module? If not, what information are missing?

No

A12[comment]. Did you find the information you were looking for in the [Grid OBS] module? If not, what information are missing? [Comment]

No obs map available ?

A13. Do you prefer another file format for downloading the grid data? If yes, what file format do you prefer?

No

A13[comment]. Do you prefer another file format for downloading the grid data? If yes, what file format do you prefer? [Comment]

A14. Can we provide you with additional functionalities/tools for the different grid modules? If yes, what functionalities/tools do you need?

No

A14[comment]. Can we provide you with additional functionalities/tools for the different grid modules? If yes, what functionalities/tools do you need? [Comment]

6

INSPECT

A17. How satisfactory are the information supplied by the INSPECT module?
Somewhat satisfactory
A17[comment]. How satisfactory are the information supplied by the INSPECT module? [Comment]
Trajectory plot missing (the "fly to trajectory" as in Google Earth) Also in Deployment, would be nice to have the deployment platform (ship) info

REGISTER

A18. Did you find practical to register your Platform(s)?
Yes
A18[comment]. Did you find practical to register your Platform(s)? [Comment]
haven't tried uploading file
A19. Would you need another format for uploading metadata and intialize the form?
No
A19[comment]. Would you need another format for uploading metadata and intialize the form? [Comment]
A20. Did you find practical to register a new Cruise?
Yes
A20[comment]. Did you find practical to register a new Cruise? [Comment]
Any way to have an orthodromy routr plotting ?
A21. Would you find useful to have an export feature? If yes, in which formats?
Yes
A21[comment]. Would you find useful to have an export feature? If yes, in which formats? [Comment]
csv

MAPS

A23. Would you need additional functionalities to navigate in the static map module?
No
A23[comment]. Would you need additional functionalities to navigate in the static map module? [Comment]
A24. Do you need other (monthly/yearly) maps in the static maps module? If yes, what map would you like?
No
A24[comment]. Do you need other (monthly/yearly) maps in the static maps module? If yes, what map would you like? [Comment]
A25. How easy is the use of the interactive map?
Somewhat easy
A25[comment]. How easy is the use of the interactive map? [Comment]
Can we change the size / color of the platforms shown (too big)
A26. Would you need other data layer in the different categories of the interactive map? If yes, what layer do you need?
Yes
A26[comment]. Would you need other data layer in the different categories of the interactive map? If yes, what layer do you need? [Comment]
-Lat/Long values and user selectable grid displays
-"Who type" of sparseness maps (http://argo.who.edu/maps/sparse/)
A27. Would you need other projections in the interactive map? if yes, which ones ?
Yes
A27[comment]. Would you need other projections in the interactive map? if yes, which ones ? [Comment]
Ocean selection
A28. Was it easy to add new Platforms from the interactive map? If no, what other functionalities do you need ?
Yes
A28[comment]. Was it easy to add new Platforms from the interactive map? If no, what other functionalities do you need ? [Comment]
Direct access to the full registration form from the map would be nice
A29. Was it easy to add new Cruises from the interactive map? If no, what other functionalities do you need ?
Yes
A29[comment]. Was it easy to add new Cruises from the interactive map? If no, what other functionalities do you need ? [Comment]
Again, no function to plot orthodromic routes

STATS

A31. How useful is the Stats menu?

Very useful

A31[comment]. How useful is the Stats menu? [Comment]

Missing a map area based on stats in order to map floats by type / country / life expectancy etc..

A32. What else would you like to find in the summary module to provide a general view on the status and performance of the sample? In particular, in the left panel, what simple statistics would you like to add?

A33. What additional statistics would meet your requirements in the implementation module?

A34. What statistics would ideally meet your requirements in the dataflow module? (The module provides charts only for a limited sample and is not yet finalized).

A35. What additional statistics would meet your requirements in the instrumentation module?

- Grouping by transmission type (argos vs iridium)
- Couldn't find float decay or float survival rate ?
- Any chance to classify floats by distance travelled - kms done ?
- Maybe we need a free field somewhere for the user to enter the cause of death of the float..

Website global assessment

A37. Did you find the information you were looking for on the website? If not, why?
Not completely
A37[comment]. Did you find the information you were looking for on the website? If not, why? [Comment]
A38[SQ001]. Overall, how well does our website meet your needs? [Extremely well]
No
A38[SQ002]. Overall, how well does our website meet your needs? [Very well]
Yes
A38[SQ003]. Overall, how well does our website meet your needs? [Somewhat well]
No
A38[SQ004]. Overall, how well does our website meet your needs? [Not so well]
No
A38[SQ005]. Overall, how well does our website meet your needs? [Not well at all]
No

Comments and suggestions

A39. What do you like most of the new JCOMMOPS website?
nice design and easy stats
A40. Which is the most useful module for you?
register platform by file upload
interactive map area
A41. What do you like least about the new JCOMMOPS website?
/
A42. Do you have any other comments on how we can improve the new JCOMMOPS website?
/
A43. What quick access to the web resources would you like we add on the website?
Easier links to DAC's float's page from the inspect window

A44. Can you tell us the first 5 crucial things/features would you like to find on the JCOMMOPS website?

Register platform by file upload

Interactive map area

Argo density maps

Instrumentation stats

Cruises check
