

Doctor Jen

A brainy beauty is our doctor Jen,
She's peppy and full of sass.
A devotee of sports and medicine,
She's innovative and first class.

Do you need someone to save your liver?
Cure your headaches or remove a splinter?
Then doctor Jen's the doc for you,
She never quits her investigation.
There's many things that she can do
As a dedicated detective with inspiration.

In the field of health ,
She's a true guru.
