

# SOCIAL JUSTICE ACTION PLANNER

Planning group members:

## 1. Think

What is the focus of your campaign?

Why is this issue important?

## 2. Learn

What facts and figures do you need?

Make it real with an example of a Caritas Australia community development program.

## 3. Tools

Think about using social media, posters, stalls, newsletter items, slides from the Caritas website, music, an event or assembly presentation.

Where can you get this information? e.g [www.caritas.org.au](http://www.caritas.org.au)

## 4. Contacts and permissions

1. Make an appointment to see your Principal to talk about what you have learnt and how you would like to engage the rest of the school community.

2. Who else do you need to speak to? e.g Principal, teachers, Priests, librarian, canteen staff, P.E teacher, participants, others.

3. Have a chat with your school media person as they might have some good contacts with local newspapers. Get your school's Caritas Australia justice agenda out into your wider community! Share the good news!

## 5. Set a date

When will your main event take place?

When will you start preparations?

When do you need to start promotion?

## Justice begins with me

What personal action will each member of your group take?  
How will you lead by example?

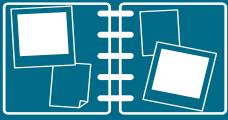

**Reflect on faith and action:**

What Catholic Social Teaching principles guide you to take action for people who experience poverty?
