

PROJECT IDEA NOTE FOR FURTHER DEVELOPMENT OF PROJECT PROPOSALS FOR FUNDING FROM THE GREEN CLIMATE FUND (UNFCCC)

GENERAL INFORMATION	
Project title (<i>the title must be concise and informative</i>)	
Name of the organization-applicant	
Date of submission of the project idea note for review and approval by the National Designated Authority (NDA) - Uzhydromet	
GENERAL INFORMATION ABOUT PROPOSED PROJECT	
Focus area of the project, related to climate change	<p><input type="checkbox"/> Mitigation of climate change (<i>as a result of measures on improvement of energy efficiency and usage of renewable energy, the reduction of energy consumption and corresponding greenhouse gas emissions will be ensured</i>)</p> <p><input type="checkbox"/> Adaptation to climate change (<i>as a result of adaptation measures and practices, the negative effects of climate change will be reduced or eliminated, including associated loss and damage to the national economy</i>)</p> <p><input type="checkbox"/> Cross-cutting (<i>focused on both, mitigation of climate change and adaptation to its adverse effects</i>)</p>
Project focus areas and sectors (<i>check all that apply</i>)	<p><i>Which of the following targeted result areas does the proposed project/programme address?</i></p> <p><u>Mitigation of climate change by reducing greenhouse gas emissions:</u></p> <p><input type="checkbox"/> <i>Energy access and power generation</i> (E.g. access to on-grid, micro-grid or off-grid, where power is generated by renewable energy sources, i.e. solar, wind, geothermal waters, etc.)</p> <p><input type="checkbox"/> <i>Low emission transport</i> (E.g. high-speed rail, rapid bus system, etc.)</p> <p><input type="checkbox"/> <i>Buildings, cities and industries and appliances</i> (E.g. new and retrofitted energy-efficient buildings, energy-efficient equipment for companies and supply chain management, etc.)</p> <p><input type="checkbox"/> <i>Forestry and land use</i> (E.g. forest conservation and management, agroforestry, agricultural irrigation, water treatment and management, etc.)</p> <p><u>Adaptation to the climate change by increasing resilience in following spheres:</u></p> <p><input type="checkbox"/> <i>Most vulnerable people and communities</i> (E.g. mitigation of adverse risks associated with climate change, development of early warning systems, development of insurance services system, etc.)</p> <p><input type="checkbox"/> <i>Health and well-being, and food and water security</i> (E.g. provision of clean drinking water to population, implementing water-saving technologies, etc.)</p> <p><input type="checkbox"/> <i>Infrastructure and built environment</i></p>

	(E.g. mudflow and avalanche protection infrastructures, air-conditioning systems, resilient road networks, etc.) <input type="checkbox"/> <i>Ecosystem and ecosystem services</i> (E.g. ecosystem conservation and management, ecotourism, etc.)
Project life span (<i>indicate an estimated duration of the project implementation</i>)	
Geographic location of project activities	
SHORT CONCEPT OF THE PROJECT NOTE	
Project goal (<i>formulate in one sentence</i>)	
Brief justification of the project coherence and alignment with the country's national priorities and development strategies	
Existence of the relevant national programme, actions plan, with national funding, for a period not less than 5 years	
Brief justification of the need for climate finance in addition to the national funding	<i>Briefly justify what aspects, which are not covered by national funding, may be additionally funded through the GCF.</i>
Briefly describe expected outcomes of the project (<i>including estimated target outcomes</i>)	<i>Indicate expected economic (in USD), social (number of work places created) and climate/ecological target results (tons of reduced emissions of CO₂ eq.), gender aspects (benefits for women, youth)</i>
Indicate a potential for further wider replication and use of results after project completion	<i>Briefly justify sustainability of the results after project completion – which national institutes or mechanisms will continue this work and disseminate the results of the work at the country or regional level</i>
Preliminary structure of the project (<i>project components</i>)	
FINANCIAL ASPECTS OF THE PROJECT	
The requested amount of the financial support from the GCF	<i>Indicate the type of requested finance</i> <input type="checkbox"/> Grant <input type="checkbox"/> Preferential loan
Estimated amount of the national co-financing (<i>parallel financing within the indicated national programme framework</i>)	
Briefly describe assumed financial mechanisms in terms of their efficiency or feasibility	
INFORMATION ABOUT APPLICANT- ORGANIZATION AND OTHER PARTICIPANTS OF THE PROJECT	

Past experience in implementation of international projects	
Other organizations involved in project implementation	<i>List other main participants of the project and briefly describe their role and thematic aspects of their participation.</i>
