

# PROJECT NOTE

Over 70 years, the international human rights system has become an important part of peace, legal, moral, development and political landscape around the world. Human rights is been discuss everywhere: it is the language we use to express our needs, our desires, and what we see as our entitlements. It provides a way for us to think about tragic events, a lens through which to view and critique our society, and a set of aspirations that make up the core of liberal ideology.

This project is intended to sensitize, engage and empower the majority vulnerable Nigerians on human rights and peace for growth and development in the country (Nigeria). Human Right as written here is all about Humans, being aware of the rights they have first of all as Human being, and how the knowledge of it by every individuals can foster a peaceful existence amongst them, starting from the friendship level, Family level, to the Community level, and the Society at large.

These Human Right project will teach people of different age grades (e.g teenage, youth and rural community dwellers) on how to respect each other, avoid trampling on the rights of others, and give people the sense of dignity and the need for tolerance, thereby, promoting peace, unity, patriotism and understanding amongst the people living in the society. It also identified some Basic Challenges being faced by Human Being at different levels from time to time, especially amongst rural dwellers, which poses a big threat to the peaceful existence of humans, development and progress of the society such as Poverty, Ignorance, fear, Illiteracy, corrupt practices amongst others.

However; this project has taken further steps to curb these menaces causing harm to human peaceful existence and the society by proffering a sustainable solution through a long time developmental project across Nigeria that will sensitize the people and then engage them in the process.

In conclusion, the actualization of this Human Right for Peaceful Existence Project 2018 to 2030 will reduce the rate of Ignorance and every other Menace facing the peaceful existence of humans in the society and promote peace, tolerance, democracy, rule of law, corrupt-free society, national growth respectively.
