

STREET IMPROVEMENT PERMIT (SIP) CONSTRUCTION TIMELINE SUBMITTAL FORM

Please provide your dates of construction in the form below. This data will be used by our Project Coordination Office (PCO) to track and coordinate utility and construction projects impacting the right of way.

PLEASE NOTE: We understand that construction dates can be influenced by a number of factors and therefore are subject to change. Please provide your current estimate for the starting and ending dates of your construction work. This will allow PCO staff to assess the potential impacts to the public right of way and analyze those for conflicts with other projects and opportunities for collaboration.
