

SNOW PLOWING CONTRACT

The Town of Flambeau will plow snow from your driveway during the winter of 2019 – 2020 snow plow season provided you complete this form, and agree to each of the provisions listed in the numbered paragraphs below. Our records indicate that your property has been plowed in the past or you have recently contacted us to be added to the list this year. To be included in the upcoming season, please fill out the information on the attached page and mail back by **November 1st**. If you have more than one property that needs to be plowed please list all fire numbers.

1. The fee for plowing driveways for up to 15 minutes is \$25.00, more that 15 minutes \$35.00.
2. The Town of Flambeau will not open driveways if they are not plowed from the beginning of the season.
3. The Town of Flambeau will not plow if the ground is not frozen as this would damage the owner's property.
4. Property owners must keep all driveways and turnarounds free of rocks and other obstructions and objects.
5. Driveways must be a minimum opening of twenty (20) feet wide. In addition, property owners must provide a minimum turnaround space of forty (40) feet in diameter.
6. Any and all tree limbs, wire, overhangs, or other obstructions or objects over the surface of driveways and turnaround spaces must be removed by the property owner to the height of not less than fifteen (15) feet above the ground.
7. All wells and septic tanks lying within fifteen (15) feet of driveways or turnaround spaces must be clearly marked by the property owner.
8. The Town of Flambeau will not be held liable in any way for injury or damage done during snow removal operations under this contract including, without in any manner limiting the generality of this provision, damage resulting from the presence of rocks or other obstructions or objects within the twenty (20) feet width of driveways or within the turnaround spaces mentioned above, from collision with any obstruction or object running over and within fifteen (15) feet of the driveway or a turnaround space, or any unmarked or inadequately marked well or septic tank lying within fifteen (15) feet of the driveway or a turnaround space.
9. The Town of Flambeau will not plow any driveway until all roads are cleared, and the Town has sole discretion to determine the time for snow removal from any particular driveway, the order in which driveways are opened, and the type of equipment to be used in the snow removal. It is recommended that you have the name of someone who can plow you if you need it done before the Town of Flambeau can do it.
10. The Town of Flambeau reserves the right to terminate snow removal services, in whole or in part, to any property, at any time and with notice of problems with plowing if the problems are not corrected.

You will receive an invoice next spring for the services rendered instead of receiving a special charge on your tax statements. However, if your bill is not paid, it will be added to your property tax bill. If we do not receive a contract from you, your name will be removed from the list and you will not be plowed.
