

### **30A Sandy Road – Small business proposal**

I wish to start my own beauty therapy business from Home. I will be providing a personal beauty experience from the log cabin we wish to build. I feel there is a demand for salon treatments in a more private environment without the additional price tag. I have worked in the Beauty therapy industry for 10 years and have advanced training in a number of areas.

It will only be myself who will be working in the cabin and I will only have one client at a time. A large reason for wanting to start my own business is so I can be flexible with my childcare needs.

Business hours will be flexible to fit in with my family and clients needs. However my proposed operating hours will be between 08:00 – 20:00 and a maximum of 40hrs a week.

The positioning of our cabin will mean no new access is required as the existing side gate and paths will be used. Parking should not be any issue as there is ample space outside our home and we have 2 parking spaces on our drive often only used by 1 car.

Where we plan to put the cabin will be out of view of the neighbours and will not take up too much of our family garden. There will be virtually zero noise pollution from the cabin as the whole idea is for a peaceful environment.

Please let me know if you need any more information.

Thanks & Regards

Amanda Lyon
