ESSAY GLANCE

Essay Glance is an online essay reviewing platform distributed and monitored by professional writing tutors in the Mercer County Community College learning centers. The purpose of this platform is to provide brief feedback and direction for improving/modifying your essay. Essay Glance does not provide extensive feedback and encourages all students to follow up for more details at the West Windsor Learning Center (LB 214), the Writing Center (LA 227), or the JKC BAR Learning Center in (KC 311). Please check the MCCC Tutoring Services webpage (http://www.mccc.edu/tutoring) for dates, times, and schedules.

Essay Glance tutors will respond within 3 business days, so don't submit at the last minute! Feedback will be provided in the form of 1-2 paragraphs. Based on tutor availability, some papers may be returned more quickly than others.

Instructions for Submitting an Essay to Essay Glance:
- Include your full name, course number and section (e.g. ENG-101-020), the prompt, and 2-3 questions or concerns you have about your writing.
- Attach your paper as a Word or PDF document, using your MCCC student email.
- Attach the prompt as a Word or PDF document, or as a picture (as long as the picture is clear and the directions on the prompt can be read). The prompt is your instructor's description of the assignment, usually distributed to the class as a handout or posted online.
- The paper must be in the form of an essay; do not submit a lab report, resume, cover letter, or any documents unrelated to course content. For help with resumes or cover letters, please visit Transfer and Career Services. For help with prompt interpretations or lab reports, please contact your instructors.
- Only 1 submission per essay assignment (no multiple submissions/multiple drafts allowed).
- Please note that scholarship/application essays might have a longer turnaround time.
