Important Participation Information

Projects begin in February and conclude each April. Final projects will be presented at the leadership graduation ceremony and to the organizations project liaison at an exit meeting. The organization's primary contact person will be asked to complete a survey on the experience which includes gathering impressions on working with the project team and project outcome. Service project teams are expected to dedicate around 60 total man hours over the course of over 12 weeks to complete their project using the skills and contacts gained in the leadership training programs.
