

## Concert Reports for High School Strings Courses

- Concert attendance and the subsequent report will count for **3 homework grades** (10% of overall grade).
- Students must attend 1 concert each nine weeks and complete a written report for each.
- Concert programs must be returned with the report for full credit.
- Reports must include the following:
  - Name of group/persons performing
  - Names of all pieces performed
  - Description of concert performance written in paragraph/essay form. Length is not as important as content. Musical terms, personal opinions of pieces with supporting evidence, specific aspects of pieces, and narratives of how the music tells a story are all excellent features of a good report. Blanket statements such as “I liked this piece” without supporting evidence are not effective and are not appropriate in this format.
  - Correct spelling and grammar (if in doubt, use Spell-check).
- **Due Date for 2<sup>nd</sup> nine weeks: December 15<sup>th</sup>**
- Speak with Mr. Wilson about possible volunteer opportunities to offset the cost of tickets at Ford Center events
- **Do not look up information about the pieces to put into the report.** I want **your** reactions, **your** ideas, and **your** writing. See rubric.
- **The attached rubric will be used to grade your report.**

#### **Memphis concerts:**

*Various Dates: Memphis Symphony Orchestra, Cannon Center - Ten minutes before concert time, student tickets are available for five dollars; approve with Mr. Wilson before attending.*

**\*Recital concerts from local string teachers may also be used. These will be announced in class. All concerts must be approved by Mr. Wilson.**

**Excerpt from an 'A' report:** ☺

The first piece was called *Introduction and Tarantella, Op. 43* by Pablo de Sarasate. The music sounded romantic in style because the rhythm was slow. There was lots of shifting between first and third positions. The violinist also added lots of vibrato to make the music sound more interesting.

I liked the piece because there was a long pizzicato section where it was hard to see the violinist's fingers because they were moving so fast. There were also harmonic notes with lots of tremolos.....

**Excerpt from an 'F' report:** ☹

I liked the piece of music. It was fast and sometimes slow. The next song was really weird and had odd sounds. It didn't make any sense to me. I wonder why people even like this music that sounds so weird..... etc., etc., bad writing, etc. etc. , \*\*\*\*\*

\*\*\*\**The review does not have to be a favorable review. If the concert was not good, say so. And then explain why the concert was bad by providing lots of evidence.*
