

## Decision-Making Framework for Community Food System Planning

*Adapted from Decision Making Framework developed by Lana Ray*

## Short Term Action Plan

Community:

Community Representatives:

**PRIORITY SHORT-TERM GOAL:**

### DECISION MAKING FRAMEWORK

#### Impact

How will this impact people in the community?

How will this impact the community as a whole?

#### Interest/Buy-In

What departments or staff in community could support this work?

Who in the community would be interested in getting involved?

Who from outside the community could be called on to support this work?

## Short Term Action Plan

<b>Duration of Time</b>	How much time is needed to achieve this work?
<b>Cost</b>	How much will it cost?  Where will this money come from? (ie. external funds, internal program funds)  What cost sharing options are there, both inside and outside the community?
<b>Resources</b>	What resources (other than money) are needed?
<b>Capacity</b>	What knowledge and skills are needed to support this work?
<b>Sustainability</b>	How will this work contribute to the community's food sovereignty vision?  How will this outcome be maintained into the future?

# Short Term Action Plan

<b>OPTIONAL DRAFT BUDGET</b>			
<b>Type of Cost</b> Ex. Labour, materials, travel, etc.	<b>Expense</b>	<b>Unit Cost</b>	<b>Estimated Total</b>
<b>PROPOSED TOTAL:</b>
