

## 1.5 Financial Need

The Statement of Financial Need Status [form DRS-314](#) should only be completed if the IL client needs a service that requires an economic means test. If an IL client is receiving SSI or SSDI benefits due to a disability, form DRS-314 does not need to be completed. If a copy of the SSI or SSDI beneficiary letter is not provided for the file, then IL Specialist will need to document in case notes that they saw visual proof that the IL client is receiving those benefits due to their disability.

For DRS-314 Instructions and a sample form completed, [click here](#).
