

IOA Certificate of Competence in Workplace Noise Risk Assessment

IOA Certificate - Workplace Noise Risk Assessment

The Institute of Acoustics (IOA) Certificate of Competence in Workplace Noise Risk Assessment provides in-depth practical training in how to assess the noise hazards in your workplace and identify the best ways to reduce exposure. It also enables you to advise and assist employers on meeting the requirements of the Noise at Work Regulations 2005.

The IOA Certificate is particularly suitable for:

- Safety professionals
- Managers
- Consultants
- Environmental health officers
- Anyone responsible for noise risk assessments at work

Successful completion of the Certificate in Workplace Noise Assessment entitles holders to Technician Member status of the Institute of Acoustics provided they also have a Level 3 qualification.

Course Content

The IOA Certificate of Competence in Workplace Noise Risk Assessment course covers:

- Identifying noise hazards
- Identifying the best means of safeguarding the hearing of yourself and others
- Identifying suitable hearing protection
- Assessing daily noise exposure levels
- Noise control techniques
- Assessing the effectiveness of noise control measures
- Advising and assisting employers on meeting the legal requirements relating to workplace noise

Assessment

Assessed by a written exam and a practical assessment.
