

## Student, Parent/Caregiver, Teacher Agreement

Education is the foundation of a successful society. If delivered and received properly, a society is elevated and it can practically guarantee prosperity, safety and satisfaction for all its members.

Education at the high school level can be broken down into the courses a student takes. The success of every course is determined by the participation of the student, his or her parent or caregiver, and the teacher. If all three of these “Pillars” contribute, a positive outcome for all three is virtually guaranteed and society is held up for one more generation. If one pillar falls, however, then the entire structure comes down with it.

Therefore, in order to ensure the structure stands, the three parties will enter into an agreement. Individual responsibilities are:

### Student

- Coming to class on time, prepared to work.
- Completing all assignments to the best of my ability.
- Respecting the rights of others to learn without disruption.
- Showing respect for people and property.
- Practicing the rules in the Code of Student Conduct.
- Spending time at home on daily studying or reading.

### Parent/Caregiver

- Providing a caring environment, including adequate food and rest, so my child is ready to learn.
- Providing a time and place for quiet study and reading at home.
- Helping my child in any way possible to meet his/her responsibilities.

### Teacher

- Providing instruction in a way that will motivate and encourage my students.
- Providing a safe and positive atmosphere for learning.
- Explaining assignments so that my students have a clear understanding.
- Supplying clear evaluations of student progress to students and parents.

Singing this agreement means that you have read the Contract and the “Course Expectations and Syllabus” document. If there are questions, do not hesitate to contact me using the email address above, or by calling the school.
