Our Value

Consulting: Use our vast knowledge and collective years of experience within the food industry to achieve your company goals and surpass expectations.

We "Cut your Food Cost" & "Lower the Cost of Goods!"
Save money on your food purchases, increase your profit margins, and improve your company's return while improving your customer satisfaction.

Procurement Support: Over 110 years total experience with sourcing and procuring products. If not stocked, we find the products needed to provide a better return for your bottom line!

High Volume Feeding Industry: Our customers are contract management companies, food distributors, casinos, independent & chain buffets, resorts, cruise-lines, corrections, campus dining, stadium concessions.

Supply Chain: Our main mixing center is 41 miles North of Atlanta with no minimum to pick up. We ship nationwide and use best cost methods whether shipping from the mixing center or from manufacturing and storage facilities direct to customers. We also have warehousing in Chicago, Atlanta and New Jersey.

Repacking: Whether it's boxed meals, home replacement meals, senior meals or retail label bagged products; we pack products for disaster relief, ready to eat meals, and retail grocers.

Importer & Trading Division: As a direct importer, we source product from around the world and ship containers direct to customers or store in locations convenient to customers.

Marketing & Growth Programs: We work with customers that want an accrual for any of their savings from any of our #1 made to order products or opportunities.
