### **Authorization Form for Access to AVID Individual School Reports**

The Consortium on Chicago School Research (CCSR) at the University of Chicago has developed an Individual School Report for all CPS high schools who took part in the 2007 AVID Student Survey. Copies of this report are given to the principal for distribution to members of the AVID Site Team and other staff members. These reports are confidential and the property of the individual school. You are free to share your school's survey report with whomever you would like, without this consent form.

Copies of this report will not be released by CCSR to any others, including the Chicago Public Schools' Central Office, other researchers, or individuals, without written permission from the principal. If you wish CCSR to provide your report to an outside group or individual, please complete this form. This form can be faxed to 773-834-3650. If you have any questions, please call Jenny Nagaoka at 773-702-1128 or email her at [jkn@uchicago.edu](mailto:jkn@uchicago.edu).
