# CHAPTER I

## INTRODUCTION

### 1.1 Background of the Study

Language is a system of conventional spoken, manual, or written symbols by means of which human beings, as members of a social group and participants in its culture, express themselves. The functions of language include communication, the expression of identity, play, imaginative expression, and emotional release.

According to Sapir (1921:8) , language is as purely human and non instinctive method of communicating ideas, emotion and desire by means of system of voluntarily produced symbol.

Henry Sweet (1870), an English phonetician and language scholar, stated: “Language is the expression of ideas by means of speech-sounds combined into words. Words are combined into sentences, this combination answering to that of ideas into thoughts.”

Language is foremost a means of communication, and communication almost always takes place within some sort of social context. This is why effective communication requires an understanding and recognition of the connections between a language and the people who use it.

When we study about linguistic, we will know about semantics which study of meaning. In English we know that meaning have important position to study because it will give influence to someone to understand about speaker’s mean or how far some information can receive by listeners.

Many people like to listen music, especially western ones. Most of them would like to download the western songs which are popular right now, In order to memorize it and improve English mastery through western songs.

We know that lyrics in westerns music not only use denotative meaning to express message from singer but also connotative meaning. Connotative meaning happens because the singer wish to make agreement, disagree, happy, unhappy, etc, for the listeners. Many kinds of literature give us so much information in which they use non literal meaning of words. For example, some lyric on the songs uses figurative language to make it more interesting and imaginative.

Figurative language is language using figures of speech (a way of saying one thing and another meaning), It is associated with the lyric of the song uses figurative language. There are many types of figurative language such as: metaphor, simile, symbols, hyperbola, irony, etc.

In this study, writer wants to concerns about the meaning of figurative language in the song, because there are many expression from the singer that are imagine about condition or situation inserted in the lyrics that used figurative language to express the emotion from the singer. The ideas and feelings become difficult to understand because the composer has adopted figurative expression to the lyrics. Therefore, this paper will discuss figurative language that found in the song lyrics and try to classify and describe them.

The purpose of figurative language is to force readers to imagine or intuit what an author means with an expression or statement, we can say what we want to say more patently by figures than we can by saying it directly. Figures of speech offer another way of adding extra dimension to language.

In this study, the writer chooses Bruno Mars' songs to be analyzed. Many figurative languages can be found in this songs. Besides, Bruno Mars is a popular singer in the world. There are many people who know his song lyrics. The writer is interesting to analysis lyrics of Bruno Mars' songs because in lyrics many expression from singer that are imagine about condition or situation which singer got. So, the writer found figurative language in lyrics to express the emotion from singer to more interesting. Nowadays figurative can be considered as a big part in a song, which can make a song feels more weighty and attract listener.

## **CHAPTER II**

### **REVIEW AND RELATED OF LITERATURE**

#### **2.1 Definitions of Figurative Language**

This chapter covers definitions and theories which are related to support the subject. The writer has done some literature review in many sources such as books, journal and internet websites.

Figurative language is language using figures of speech (a way of saying one thing and another meaning), It is associated with the lyric of the song uses figurative language. There are many types of figurative language such as: metaphor, simile, symbols, hyperbola, irony, etc.

Figurative language is a language that contains figures of speech, such as metaphor, simile, personification and hyperbole, namely expressions that make comparisons or associations which are meant to be interpreted imaginatively rather than literally (Morner and Rausch – 1991:83).

Knickerbocker and Reninger (1963:367) stated that figurative language will sometimes be called metaphorical language or simply metaphor. In General Knickerbocker and Reninger proposed some kinds of figurative languages like simile, metaphor, personification, synecdoche, metonymy, hyperbole, irony, paradox, dead metaphor and allusion.

Glucksberg (2001) identifies figurative language as language where the meaning does not coincide with literal language's meaning and points at metaphors and idioms as examples of it. (preface) He further discusses the topic of understanding the meaning of figurative language as depending on context.

## 2.2 Types of Figurative Language

There are kinds of figurative language's type, in this chapter, writer only explain types that are used for the study.

### 1. Simile

A simile uses the words "like" or "as" to compare one object or idea with another to suggest they are alike.

Example : *Resha runs as fast as the wind.*

Meaning : as wind as is an equalizing, he isn't really run like a wind, but he runs so fast.

### 2. Personification

Personification gives human characteristics to inanimate objects, animals, or ideas. This can really affect the way the reader imagines things. This is used in children's books, poetry, and fictional literature.

Example : *That piece of chocolate cake is calling my name.*

Meaning : Chocolate cake doesn't have the ability to call after someone, but this cliché uses personification to express the feeling of desire and hunger.

### 3. Metaphor

Metaphor is a figure of speech in which two "essentially unlike things" are shown to have a type of resemblance or create a new image.

The similarities between the objects being compared may be implied rather than directly stated.

Example : *He broke my heart.*”

Meaning : Your heart isn't literally broken; you're just feeling hurt and sad.

#### **4. Hyperbole**

Hyperboles are a type of figurative language that use extreme exaggeration, things that happen in a hyperbole could never really happen.

Example : *I'm hungry I could eat a horse.*

Meaning : The person in this sentence isn't really eat a horse, but he feel so hungry and want to eat a lot.

### 2.3 Lyrics

Lyrics are words that make up a song. The song writer is a lyricist or lyricist. The meaning of lyrics can either be explicit or implicit. Some lyrics are abstract, almost unintelligible, and, in such cases, their explication emphasizes form, articulation, meter, and symmetry of expression.(Wikipedia,2011)

Moreover, people like to express their feeling, emotion, ideas or thought through some ways like poetry, short stories, novels, or even songs. Song is one of the works that can be found easily in everyday life which contains flowery words.

Moreover, song is defined as literary work of musical expression to express human thinking and feeling where it has been the soul of the life that cannot be separated.

Lyrics of the song can be as the description of song's writer expression to devote the feeling, thought, and the willingness. Therefore, lyric can be as the form to convey a message in communication. To understand the lyrics, people have to determine the speaker's intention, which sometimes the composer is using figurative language on the song, therefore the listeners not only be able to enjoy the melody of the song but they can get more knowledge from interpreting the point of view on things in the world revealed through song's lyrics. it is also commonly called as an art form language in which many authors, poet, or even composers use it to create more meaning through language in expressing their ideas and imagination freely by which readers or listeners can gain understanding of and appreciation toward their works. In this case, the reader or listener are

demanded to construct their own mind in obtaining the intended meaning which differ from the actual literal meaning of the words themselves.

#### **4.1 Conclusion**

Figurative language is language that uses words or expressions with a meaning that is different from the literal interpretation. When a writer uses literal language, he or she is simply stating the facts as they are. After analyzing the figurative languages found in Bruno Mars' selected songs, the writer concludes that each lyric really presenting the song. We might learn and understanding how the authors try to tell us about the story of a song. The dominant of figurative type that is used in the song lyrics is hyperbole and the least figurative meaning used in the album is simile.

#### **4.2 Suggestion**

Figurative language has been a part of conversation or communicating to help conveying messages, ideas can be expressed clearly in economical use of words. Therefore, the writer would like to suggest those who are interest in literature may look at figurative language to be analyzed.

Songs are worth considering being the sources to learn English. The songs can be used as materials in learning English. They help the English students know and understand many types of figurative language, the definitions, and how to interpret them. Besides, readers can learn about critical thinking through the use of the songs since some of the meanings are not delivered from the words written.

The writer hopes that the readers have to learn about figurative also the types, and writer hopes that this paper can be useful for the readers and can enrich the readers knowledge about figurative on a song.

# Count on Me

If you ever find yourself stuck in the middle of the sea,

I'll sail the world to find you

If you ever find yourself lost in the dark and you can't see,

I'll be the light to guide you

Find out what we're made of

When we are called to help our friends in need

You can count on me like one two three

I'll be there

And I know when I need it I can count on you like four three two

You'll be there

'Cause that's what friends are supposed to do, oh yeah

Whoa, whoa

Oh, oh

Yeah, yeah

If you tossin' and you're turnin' and you just can't fall asleep

I'll sing a song

Beside you

And if you ever forget how much you really mean to me

Everyday I will

Remind you

Ooh

Find out what we're made of

When we are called to help our friends in need

You can count on me like one two three

I'll be there

And I know when I need it I can count on you like four three two

You'll be there

'Cause that's what friends are supposed to do, oh yeah

Oh, oh

Yeah, yeah

You'll always have my shoulder when you cry

I'll never let go

Never say goodbye

You know you can

Count on me like one two three

I'll be there

And I know when I need it I can count on you like four three two

And you'll be there

'Cause that's what friends are supposed to do, oh yeah

Oh, oh

You can count on me 'cause I can count on you

# It Will Rain

If you ever leave me baby,  
Leave some morphine at my door  
'Cause it would take a whole lot of medication  
To realize what we used to have,  
We don't have it anymore.  
There's no religion that could save me  
No matter how long my knees are on the floor  
Ooh so keep in mind all the sacrifices I'm makin'  
Will keep you by my side  
Will keep you from walkin' out the door.  
'Cause there'll be no sunlight  
If I lose you, baby  
There'll be no clear skies  
If I lose you, baby  
Just like the clouds  
My eyes will do the same, if you walk away  
Everyday it will rain  
I'll never be your mother's favorite  
Your daddy can't even look me in the eye  
Ooh if I was in their shoes, I'd be doing the same thing  
Sayin there goes my little girl  
Walkin' with that troublesome guy

But they're just afraid of something they can't understand

Ooh but little darlin' watch me change their minds

Yea for you I'll try I'll try I'll try I'll try

I'll pick up these broken pieces 'til I'm bleeding

If that'll make you mine

'Cause there'll be no sunlight

If I lose you, baby

There'll be no clear skies

If I lose you, baby

Just like the clouds

My eyes will do the same, if you walk away

Everyday it will rain

Don't you say, goodbye

Don't you say, goodbye

I'll pick up these broken pieces 'til I'm bleeding

If that'll make it right

'Cause there'll be no sunlight

If I lose you, baby

There'll be no clear skies

# Grenade

Easy come, easy go

That's just how you live

Oh take, take, take it all but you never give

Should've known you was trouble from the first kiss

Had your eyes wide open

Why were they open

Gave you all I had and you tossed it in the trash

You tossed it in the trash, you did

To give me all your love is all I ever ask

'Cause what you don't understand is

I'd catch a grenade for ya (yeah yeah)

Throw my head on a blade for ya (yeah yeah)

I'd jump in front of a train for ya (yeah yeah)

You know I'd do anything for ya (yeah yeah)

Oh whoa oh

I would go through all this pain

Take a bullet straight through my brain

Yes I would die for you baby

But you won't do the same

No no no no

Black, black, black and blue

Beat me {til I'm numb

Tell the devil I said hey when you get back to where you're from  
Mad woman, bad woman that's just what you are  
Yeah you'll smile in my face then rip the breaks out my car  
Gave you all I had and you tossed it in the trash  
You tossed it in the trash, you did  
To give me all your love is all I ever ask  
'Cause what you don't understand is  
I'd catch a grenade for ya (yeah yeah)  
Throw my head on a blade for ya (yeah yeah)  
I'd jump in front of a train for ya (yeah yeah)  
You know I'd do anything for ya (yeah yeah)  
Oh whoa oh  
I would go through all this pain  
Take a bullet straight through my brain  
Yes I would die for you baby  
But you won't do the same  
If my body was on fire  
Ooh you'd watch me burn down in flames  
You said you love me, you're a liar  
'Cause you never ever, ever did  
But darling I'd still catch a grenade for ya (yeah yeah)  
Throw my head on a blade for ya (yeah yeah)  
I'd jump in front of a train for ya (yeah yeah)  
You know I'd do anything for ya (yeah yeah)

Oh whoa oh

I would go through all this pain

Take a bullet straight through my brain

Yes I would die for you, baby

But you won't do the same

No no no no no

# Talking to the Moon

I know you're somewhere out there

Somewhere far away

I want you back

I want you back

My neighbors think I'm crazy

But they don't understand

You're all I have

You're all I have

At night when the stars

Light up my room

I sit by myself

Talking to the moon

Tryin' to get to you

In hopes you're on

The other side

Talking to me too

Or am I a fool

Who sits alone

Talking to the moon

Oh

I'm feeling like I'm famous  
The talk of the town  
They say I've gone mad  
Yeah I've gone mad  
But they don't know what I know  
'Cause when the sun goes down  
Someone's talking back  
Yeah they're talking back  
At night when the stars  
Light up my room  
I sit by myself  
Talking to the moon  
Tryin' to get to you  
In hopes you're on  
The other side  
Talking to me too  
Or am I a fool  
Who sits alone  
Talking to the moon  
Do you ever hear me calling?  
(Ah) oh oh oh  
(Ah) oh oh oh  
'Cause every night

I'm talking to the moon  
Still trying to get to you  
In hopes you're on  
The other side  
Talking to me too  
Or am I a fool  
Who sits alone  
Talking to the moon  
I know you're somewhere out there  
Somewhere far away  
I know you're somewhere out there

# Just The Way You Are

Ohhhhh ohhhhhh ohhhhhh ohhhhhh

Oh, her eyes, her eyes  
Make the stars look like they're not shinin'  
Her hair, her hair  
Falls perfectly without her trying  
She's so beautiful  
And I tell her everyday  
Yeah

I know, I know  
When I compliment her she won't believe me  
And it's so, it's so  
Sad to think that she don't see what I see  
But every time she asks me, "Do I look okay?"  
I say,

When I see your face (face, face...)  
There's not a thing that I would change  
'Cause you're amazing (amazing)  
Just the way you are (are)  
And when you smile (smile, smile...)  
The whole world stops and stares for a while  
'Cause, girl, you're amazing (amazing)  
Just the way you are (are).  
Yeah

Her lips, her lips  
I could kiss them all day if she'd let me  
Her laugh, her laugh  
She hates but I think it's so sexy  
She's so beautiful  
And I tell her everyday,

Oh you know, you know, you know  
I'd never ask you to change  
If perfect's what you're searching for  
Then just stay the same  
So don't even bother asking if you look okay  
You know I'll say,

When I see your face (face, face...)

There's not a thing that I would change  
'Cause you're amazing (amazing)  
Just the way you are (are)  
And when you smile (smile, smile...)  
The whole world stops and stares for a while  
'Cause, girl, you're amazing (amazing)  
Just the way you are (are)

The way you are  
The way you are  
Girl, you're amazing (amazing)  
Just the way you are (are)

When I see your face  
There's not a thing that I would change  
'Cause you're amazing (amazing)  
Just the way you are (are)  
And when you smile  
The whole world stops and stares for a while  
'Cause, girl, you're amazing  
Just the way you are

Yeah
