

# *Your Vision Board Project to Success*

Analyze ways to organize your college & career plan to achieve goals.

Name \_\_\_\_\_

Today's Date \_\_\_\_\_

\*Vision/Success/Dream Board Project

\*This project board and presentation will count as one of your major end of the year test grades.

\*You will receive a combined grade for the board and a grade for your presentation.

\*This project board and presentation will count as one of your major end of the year test grades.

Purpose:

- As a class, we will reflect on your plans for success in your future.
- Next, organize activities into a 10 step action plan that can be used for both short-term and long-term plans.

## Purpose:

- A vision board is a collage of images, pictures, and affirmations of your dreams, goals, and things that make you happy. It can also be called a dream board or vision map. Creating a vision board can be a useful tool to help you conceptualize your goals and can serve as a source of motivation as you work towards achieving your dreams.

Activity:

- Once you have brainstormed the 10 step action plan, you will create a “vision board” to help visualize your goals to ultimately inspire and encourage you to meet your goals!

# Step 1: Mapping Your Visions

- For this project, you are required to have:
  - **5 Long-term Goals**  
**(after high school)**
  - **5 Short-term Goals**  
**(during high school)**
- The first step to working towards this project is to “map” your visions into a 10 step action plan.

# Step 2: Use Empowering Statements!

- For each of your long and short term goals, create a statement of intention that will serve as a caption for each image on your vision board.

An example would be *“I am planning to attend Penn State and major in Accounting.”*

## Step 3: Planning & Organizing Your Board

- Use Microsoft Word or PowerPoint to create the Vision board.
- Organize your images out the way you would want the events to happen.
- Try and cover your whole page with images like a collage. Include 2-3 images for each goal.
- Keep in mind the 10 step action plan.

## Step 4: Presenting to the class

- Include a Works Cited from all sources used for the project (websites, college info, career sites, etc.)
- Grading rubric for presentation (50 pts.)
- Oral Presentation (50 points)
- You may create a presentation to explain your vision board (extra credit grade). One slide per goal (10 goals)
