

Industrial Revolution Mind Map

Name _____ hour _____

Directions: Students will create a mind map chart that illustrates how concepts related to the Industrial revolution connect to one another, as well as show how it connects to the modern world. Students will use the concepts/ideas listed below in their efforts to map out the connections. Concepts listed below are the minimums to be covered – students may choose to go beyond minimums if they choose.

For each concept/idea include an appropriate illustration/graphic/picture along with a 1-3 sentence description of what it is and how it relates. The central/top starting point is ***Industrial Revolution***. See the list of concepts below.

Use the poster paper given or one of your choosing of similar size.

Examples are included on the back.

Concepts:

- ***Industrial Revolution***
(starting Point)
- Age of Imperialism
- Agriculture
- Capitalism
- Child Labor
- Demand of goods
- Factories
- Great Britain
- Machines
- Population
- Resource Competition
- Resources
- Social Classes
- Social Darwinism
- Socialism
- Spread of Industrialism
- Steam Power
- Textiles
- Water Power
- Working Conditions
- Modern Connections #1
- Modern Connections #2
- Modern Connections #3
- Modern Connections #4
- Modern Connections #5

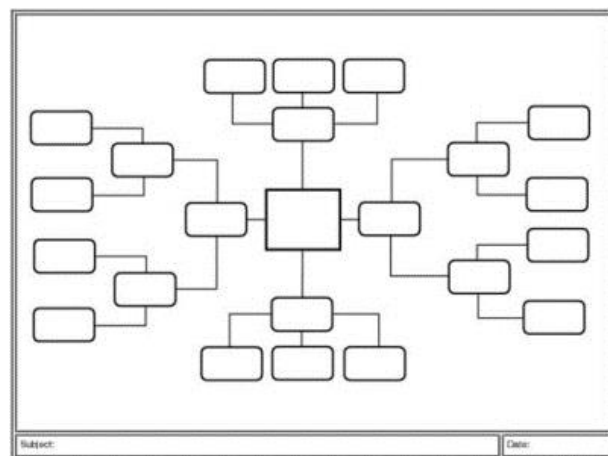

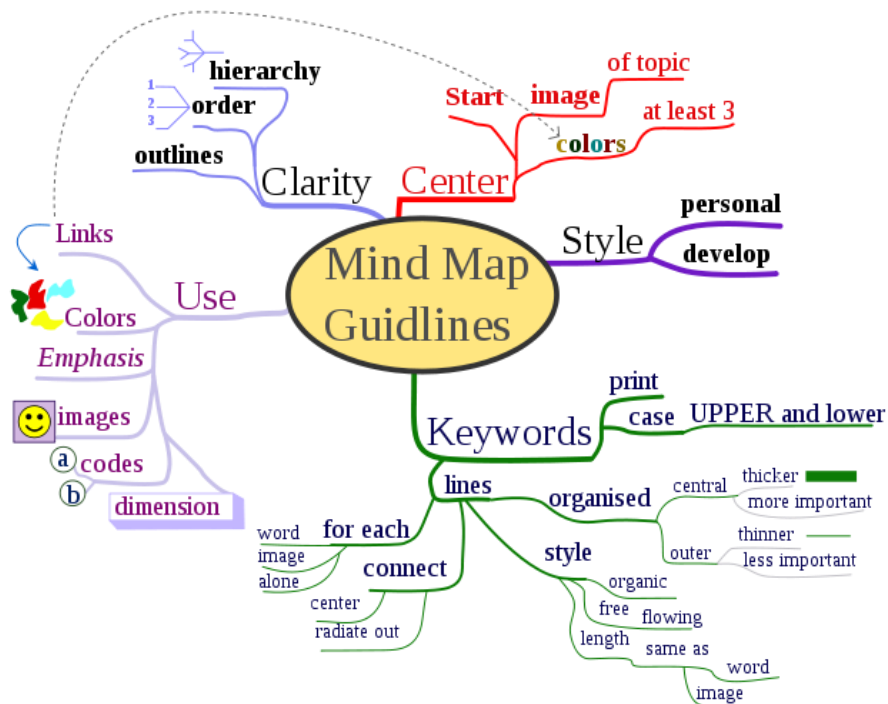

Rubric/Requirements: Project is worth 40pts total

*Staple this Rubric to your project

- 5 Pts _____ Map must have a creative title – do not just put “Industrial Revolution”, or “Industrial Revolution Mind Map” – come up with something creative – i.e. *The Industrial Web*
- 10 Pts _____ Map must include all concepts (bulleted words above)
- 5 Pts _____ Each concept must be represented graphically (artwork, picture, graphic, photo, etc.)
- 5 Pts _____ Each concept must have a 1-3 sentence explanation of what it is and how it related to the Ind. Rev.
- 5 Pts _____ All artwork must be historically relevant – example, for the concept *Machines*, you should not have pictures of Jet Airplanes or Wind Turbines, unless of course you are tying in a modern connection.
- 10 Pts _____ Effort will be highly weighted on this project - Points will be subtracted for the following:
Too much white space on poster, sloppy work, not enough color in the artwork, illegible writing, poor hand drawn artwork (stick figures, sloppy, etc.)

_____/40

Example of a Mind Maps and Templates:

Fall of Rome

Germanic Tribes
Take Over Europe

The Middle Ages

After the Fall of Rome,
Europe enters into the
Middle Ages

No Central
Authority

Lots of War and Chaos

How Feudalism Works

Feudalism eventually emerges as a
governmental and social organization

Church becomes the central
power in Europe

Charlemagne converts to Christianity and
preserves and helps to unite Europe

Much of Europe was
reunited by Charlemagne
