

APUSH New Deal One-Pager

Create a single-page visual that summarizes each of the three types of New Deal programs: relief, recovery, and reform.

You may complete the one-pager online (Google Docs) and submit it via e-mail or Google Classroom, or you may create it by hand on a sheet of unlined 8 ½ x 11 paper. *Google Classroom code:* 1st p. [9qbnyl](#) | 4th p. [p8n814r](#)

Use the reference sheet provided by your teacher as well as your APUSH textbook, and any other resources you feel are necessary to create a one-pager that would be easily understood by even someone who knows nothing about the New Deal and its programs.

Your one-pager must contain the following:

- A title
- A summary of each of the three types of New Deal programs: relief, recovery, and reform
- At least four images relevant to the New Deal and its programs
- At least one quote from the era that is representative of the New Deal &/or its programs

Use the examples below to get ideas 😊
