Proposal

The Implementation Plan for the Intellectualization of isiZulu as an African Language within and by the Legal Services Division – Commencing 1 June 2021 – in support of the UKZN's Language Policy and Implementation Plan.

Motivation

In support of the University's transformation imperatives, and in particular, those inherent in the University's Language Policy and Implementation Plan, the Legal Services Division, has resolved to adopt and implement its proposed plan to support the imperatives, by achieving proficiency in the use and communication of the isiZulu language.

Financial implications

None at this point in time (costs for translation of official business communication will be allocated from existing supplies and services budget where necessary), and the achieving of proficiency in the use and communication of isiZulu, will be achieved by the Director Legal Services personally launching an isiZulu language course for Legal Services' personnel whom are not first/home language speakers of isiZulu.
