

Common Nouns Answer Sheet

There are different types of nouns such as common nouns, proper nouns and collective nouns. This worksheet will teach you about **common nouns**.

Common nouns are the everyday names that we use for places and things. Some examples of common nouns are cup, duck, leg, bedroom and garage.

Common nouns are also used to describe people but this does not include their proper name. For example, 'plumber' and 'waitress' are common nouns because they are a general description for a person **BUT** the names 'Sarah' or 'Tom' are not common nouns (they are in fact *proper nouns* and we shall meet them another time on a different worksheet.)

Here are some sentences with the **common nouns** underlined:

My cat likes to play with string.

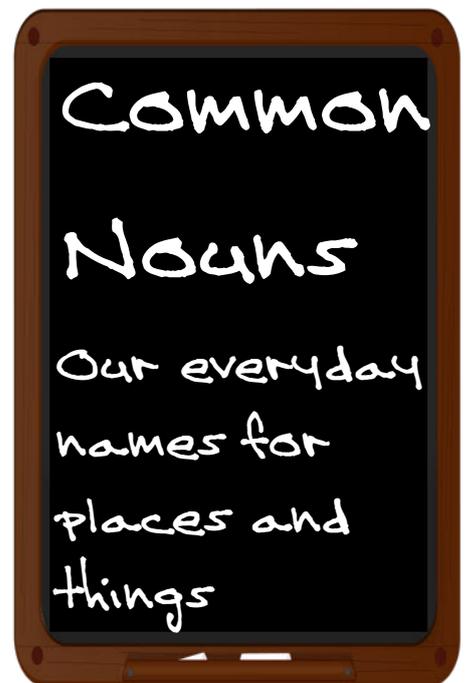

I always lock my bicycle in the garage.

A plumber repaired our leaking tap.

The girl and boy both wore a hat.
