Same

Food: ice cream	Food: pudding
1. chocolate	1. chocolate
2. sweet	2. sweet

Topic Sentence These two desserts are different in some ways.

Different

Food: ice cream	Food: pudding
1. frozen	1. cold
2. rich	2. richer

Conclusion Sentence You will love whichever one you choose!

Today's Desserts

We have ice cream and pudding. In some ways they are the same, but in other ways they are different. They're the same because both are chocolate. Also, both are very sweet.

These two desserts are different in some ways. The ice cream is frozen, while the pudding is just cold. Also, the ice cream is rich, and the pudding is richer. You'll love whichever one you choose!

Today's Desserts

You will love the

~~We have~~ ice cream and pudding. In some ways they are the same, but in other ways they are different. They're the same because both are chocolate. Also, both are **and creamy** very sweet.

These two desserts are different in some ways. The ice cream is **and can melt** frosin, while the pudding is just cold. Also, the ice cream is rich, **although** **and won't melt** the pudding is richer. You'll loves wichever one you choose!
