April 24, 2014

Ms. Meghan Seward
Recruitment Assistant
UW Health/UW Hospital and Clinics
600 Highland Avenue
Madison, WI 53792

Dear Ms. Seward:

Please accept these materials as my application for the Student Nursing Assistant position at UW Hospital and Clinics. I saw the opening posted on the UW Hospital and Clinics careers website. The values of UW Health align with my own regarding providing the best quality of care possible to advance health while maintaining an environment which values service, education, and community outreach.

My clinical experience throughout nursing school has only strengthened my passion to serve the healthcare needs of others. I am driven to provide high quality patient care and I am devoted to uphold every client's dignity to the utmost level. In working on various hospital units throughout my clinical education, I have interacted with patients ranging from infancy to older adulthood. Through my experience with patients as well as other healthcare professionals, I have solidified my communication skills. I use my time effectively and efficiently. It is extremely important to me to value the needs of each patient and I am attentive to these needs according to his or her unique preferences. I am excited at the prospect to positively affect each client's hospital experience through my positive care and interaction.

I am very interested in working for UW Health because of the high level of care and services that they provide. Working alongside Magnet Recognized Nurses inspires me to provide the same level of care as a nursing assistant in my own pursuit of a nursing career. Personally, I want to work among the best in order to become the best. I strive to have a positive impact as an employee of the UW Health system in order to uphold the company as one of the nation's leaders in health care.

Thank you very much for your time and consideration. I can be reached at 608-555-5555 and via email at ssmith@wisc.edu. I look forward to hearing from you.

Sincerely,

Sally Smith
